

ALLUZZA

---

**Solutions  
with  
excellence**

# ALUDAZA

Through more than 20 years of experience we have provided the manufacturing and supply solution for prefabricated curtain wall systems, composite aluminum panels, multi-perforated sheets, stainless steel, structure, ironwork, signage, prefabricated window strips and a diverse range of residential architectural lines of aluminum and glass, including cladding.

## EFICIENCY

---

- Comprehensive project management through our methodology we solve the risks of the project, improving times and processes, maximizing team performance.

## INNOVATION

---

- We provide value-added solutions and engineering to optimize our clients' resources. We provide advice in the value and supply chain. We have the most innovative materials on the market for facades.

## EVOLUTION

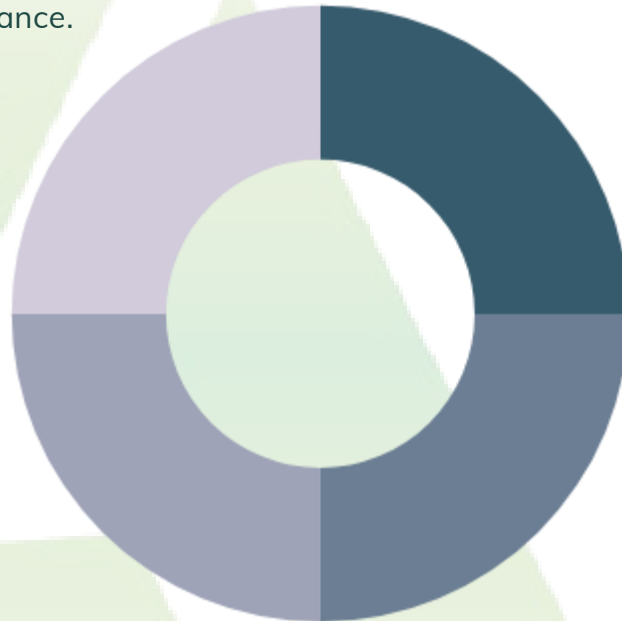

---

- We are committed to service excellence, using high-tech equipment that demonstrates our competitive advantage in the market, we integrate new solutions that provide confidence, we have the necessary infrastructure to simultaneously complete projects, and we combine our experience and values.

## VANGUARD

---

- We develop industrial solutions with flexible processes adapted to the needs of our clients.
- We are competitive, through a system of commercial alliances that allows greater adaptability to the needs and production processes.
